Newsletter

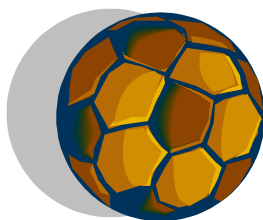

Spring Term 2

Friday 23rd
January 2009

The end of yet another wet week, where the children have had to manage with indoor playtimes and puddles on the playground. We hope for drier days next week and a chance to run around and burn off some energy.

Year 4 Multi-skills

Well done to all the Year 4 children who worked really hard during our "Virtual festival" this week. Their combined score will be taken away and compared to other schools to see if we can progress to the next round of the event. We have already been told that they have produced a very good score, so well done Year 4.

Windows

Over the next few weeks we will be replacing most of the windows in school with double glazing, this will help us to improve both the security of the building and to help keep the heat in school.

The workmen will be securing the areas that they will be working in but we would still ask that you take care when moving around the building at the beginning and end of the day.

Year 3 Sports Activity

Another well done to the small group of Year 3 children who represented the school last week at the inclusive multi-skills festival at Wheldon School. They were all very excited about going and enjoyed the opportunity to take part in various sporting activities.

Hats and Coats

We would like to remind you that all children should have a coat in school during this cold and wet weather.

If you would like to buy a school hat, they are available from the office at £3 each. We also have a supply of waterproof fleeces for sale.

Travel Plan

There will be a travel plan meeting at 6pm on Tuesday 27th January this will be at the Infants not the Juniors as previously mentioned.

The Nutcracker

We will be having a production of the Nutcracker in school on Monday followed by workshops on puppet making for our Year 4 children. The production starts at 9.15 so please try and make sure that your child is not late as we would hate them to miss out on this experience.

Thank you for taking the time to read this newsletter.
