Summer

Term

Tuesday 21st July

We break up for our summer holidays today after a very busy year, but I don't think we would want it any other way. Have a lovely summer!

### Back to School

School re-opens for children on Thursday 3rd September at 8.50am.

For one day only, all of the children will line up on the playground when the whistle blows. This will enable us to make sure that all the children get to the right classroom with the right teacher after the summer break.

### Music Concert

We held a very successful music concert last week where our very talented choirs and musicians entertained us.

The standard of playing by a whole range of musicians was incredible. We were also treated to a medley of songs by both of our choirs.

Once again the standard was amazing. My thanks to Mr Jennings, Mr Caldwell, Miss Hall, the flute teacher and Mrs Williams, the violin teacher for all their hard work with the children over the year.

### **A reminder that our INSET days for next year are;**

Friday October 2nd 2009

Monday February 22nd 2010

Friday June 25th 2010

Monday June 28th 2010

### Open Day

Our open Day last week was very busy, with lots of visitors coming into school. I hope those of you who were able to come enjoyed the opportunity to look around with your child and view their work. I know that your children were very pleased to see you in school and to show you around.

### Goodbye

We say goodbye today to our Year 6 children. They have grown and developed over their time with us and have become a real credit to the school during their time with us.

I know that their skills, talents and good humour will be missed by all those who have worked with them. I wish them all well in their future education and hope to hear great things about them.

We are also saying goodbye to a number of children in Year 3 and 4 who are moving to different schools around this country and abroad.

Our final goodbye is to Mrs Day who is moving to a Deputy Head post. We wish her well in her future career.
